

I am strongly opposed to the attempts on the part of the National Association of Broadcasters (NAB) to unfairly stifle competition from satellite radio. HR4026 is contrary to the american concept of free markets and fair competition. I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I willingly and gladly pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
